TECHNICAL EXPERIENCE

Help Exchange - Final Boot Camp Project

August 2020

A single page application for users to request help and volunteer for their community

- Developed using MERN Stack (MongoDB, Express, React, Node), GraphQL API with an Apollo Server
- Setup React components and utilized React Router to implement client-side routing
- Created queries/mutations to retrieve, add, update and delete data
- Implemented user authentication with JWT (JSON Web Token)
- Helped build user and request models for the database
- Deployed site with Heroku
- Held regular Scrum meetings to ensure our group delivered an MVP in less than two weeks

Hearth

June 2020

An alternative to social media that allows users to share pictures and memories

- Developed using Node.js, Express.js to create a RESTful API, MySQL database, and Handlebars.js
- Setup folder structure to meet the MVC paradigm (Models, Views, Controllers) to follow the separation of concerns
- Created GET and POST routes for retrieving and adding new data
- Incorporated Jimp, an image processing library for Node, to upload photos for each album
- Implemented user authentication using express session and cookies
- Utilized GitHub Projects project management tool to assign tasks to each group member

CAREER EXPERIENCE

HPI Real Estate Management

October 2016-Present

Assistant Property Manager

- Supervise a team of 4 building engineers and manage a total of 500K square feet of office space and retail center
- Prepare an annual budget and present a monthly financial reporting package to the building Owner that outlines the current condition of the property and explains variances in actual versus budgeted expenses
- Complete weekly inspection of the properties and initiate action to correct any maintenance deficiencies
- Respond to tenant requests, review account receivables and collect past due payments, ensure all building rules are enforced, approve payables in Yardi accounting software, verify tenant/vendor insurance is compliant

Omninet Property Management

February 2014-October 2016

Assistant Property Manager

- Managed great tenant relationships and conducted inspections of the property to ensure it is in good condition
